Re: House Bill 1198

Dear Ms. Nichols:

Upon speaking with the Louisiana Rehabilitation Council president, Pamela Allen, I would like indicate the councils support for the proposed move of LRS from your Department to the Louisiana Workforce Commission. We have been impressed with the amount of diligences displayed by you and your staff working along with the LA Workforce Commission to insure that this move is seamless and does not disrupt the critical services being delivered to LRS consumers.

The Louisiana Rehabilitation Council stands ready to assist in any way possible.

Sincerely,

Joseph E. Kelley, MA CRC
