Additional parish eligible for Disaster Unemployment Assistance

BATON ROUGE, LA – President Joseph R. Biden officially granted a major disaster declaration request for nine Louisiana parishes, making Disaster Unemployment Assistance (DUA) available to businesses and residents whose employment or self-employment was lost or interrupted as a direct result of Hurricane Francine. The President acted upon a request by Louisiana Governor Jeff Landry.

The Louisiana Workforce Commission (LWC) is now accepting applications for DUA from residents and businesses in Jefferson Parish as of September 23, 2024.

The LWC is accepting applications for DUA from residents and businesses in the following parishes until the deadline of November 15, 2024: Ascension, Assumption, Jefferson, Lafourche, St. Charles, St. James, St. John the Baptist, St. Mary, and Terrebonne Parishes.

Individuals who lost work or employment in these designated disaster areas must file DUA applications by established deadlines. DUA is available to those who:

- Worked or were self-employed or were scheduled to begin work or self-employment; and
- Do not qualify for regular unemployment benefits, or Extended Benefits (EB) from any state; and
- Were unable to reach their job or self-employment location because they must travel through the affected area and are prevented from doing so by the disaster; or
- Can no longer work or perform services because of physical damage or destruction to the place of employment as a direct result of the disaster; or
- Cannot physically access the place of employment due to its closure by the federal, state, or local government in immediate response to the disaster; or
- Can establish that the work or self-employment they can no longer perform was their principal source of income; or
- Cannot perform work or self-employment because of an injury as a direct result of the disaster; or
- Became the breadwinner or major support of a household because of the death of the head of household.

Applications filed after the deadline will be considered untimely, and DUA benefits may be denied unless the individual provides good cause for filing after that date; therefore, claimants should file as soon as possible.

Proof of employment/self-employment must be submitted no later than 21 days after filing your claim. The following documents are acceptable as proof of employment:

- Payroll voucher closest in date to the last work week
- Employment and earnings statement from employer with name, address and contact information
- Written statement from employer
- Notarized affidavit from person with name, address and contact information who can verify claimant's employment and unemployment (this is for those workers who are unable to reach their employer)
- Business records (bank statements, business receipts, licenses, advertisements, invoices, appointment books, financial statements)
- Notarized statement from person with name, address, and contact information who can verify your self-employment and unemployment

If you are self-employed, your 2023 federal income tax return and schedules can serve as proof of prior wages but do not substantiate your proof of employment at the time of the disaster.

###

DUA is available for weeks of unemployment from September 15, 2024, until March 22, 2025, as long as the individual's unemployment directly results from the disaster.

Due to the high call volume at this time, applicants are strongly encouraged to file their DUA applications online by visiting www.laworks.net through the LWC's HiRE (Helping Individuals Reach Employment) portal. Applicants may also file by telephone by calling 1-866-783-5567 from Monday through Friday, 8:00 am to 5:00 pm CDT.

About the Louisiana Workforce Commission

The Louisiana Workforce Commission is an agency of state government that administers programs designed to enhance workforce growth and provide family-sustaining jobs for Louisiana residents. The commission monitors employment, administers unemployment compensation and tax funds, provides training resources for employers and employees and oversees worker compensation benefits. The agency also gathers and supplies information on the labor market and occupational sectors in Louisiana.
