During the transition year, LCTCS and the Louisiana Workforce Commission (LWC), the state agency responsible for administration of Workforce Development Activities, Wagner-Peyser and Vocational Rehabilitation, have the opportunity to provide seamless individual case management for eligible clients, across all core programs defined in WIOA. To strengthen partnerships, a working committee comprised of representation of the core programs has been formed with regularly scheduled meetings. The weekly meetings provide the core partners an opportunity to identify required services and collectively create a plan that will leverage resources, provide unified guidance at the local level and develop a comprehensive referral service and service delivery in our state.
