Section II: Background Information

The United States Department of Labor’s strategic vision for WIOA youth programs states that “WIOA outlines a broader youth vision that supports an integrated service delivery system and provides a framework through which states and local areas can leverage other Federal, state, local, and philanthropic resources to support in-school youth (ISY) and out-of- school (OSY). WIOA affirms the Department’s commitment to providing high-quality services for all youth and young adults, beginning with career exploration and guidance, continued support for educational attainment, opportunities for skills training in in-demand industries and occupations, such as pre-apprenticeships or internships, and culminating with a good job along a career pathway, enrollment in post-secondary education, or a Registered Apprenticeship. All of the Department’s youth-serving programs continue to promote evidence-based strategies to assist in achieving high-levels of performance, accountability, and quality in preparing young people for the workforce

Performance Measures are developed that will be tracked by WIOA Program administrators. These measures do not differentiate between the younger and older youth, or in-out school or out-of-school youth. The WIOA law describes how these objectives shall be achieved by connecting eligible youth with required “program elements” that service providers must make available in a comprehensive youth-centered system.

SECTION III: Scope of Work

A. Program Elements

The Workforce Innovation and Opportunity Act (WIOA) of 2014 enacted a comprehensive youth employment program for serving eligible youth, ages 14-24, who face barriers to education, training, and employment.

Funds for youth services are allocated to states and local areas based on a formula. The WIOA Youth Program focuses primarily on out-of-school youth, requiring local areas to expend a minimum of 75% of WIOA youth funds on them. The program includes 14 program elements that are required to be made available to youth participants. WIOA prioritizes work experience through a 20% minimum expenditure rate for the work experience program element.

WIOA outlines a vision for supporting youth and young adults through an integrated service delivery system. This vision includes high quality services for in-school and out-of-school youth beginning with career exploration and guidance, continued support for educational attainment, opportunities for skills training, and culminating with a good job along a career pathway or enrollment in post-secondary education. Below is a list of five (5) Program Elements specified for purposes of this RFP.

Element #1 (Not to exceed \$20,000)

Tutoring, Study Skills Training, Instruction, and Dropout Prevention- strategies that lead to completion of a high school diploma includes services such as providing academic support, helping a youth identify areas of academic concern, assisting with overcoming learning obstacles, or providing tools and resources to develop learning strategies. Dropout prevention strategies intended to lead to a high school diploma include activities that keep a young person in-school and engaged in a formal learning and/or training setting.

Tutoring, study skills training, and instruction that lead to a high school diploma are reported under this program element. Such services focus on providing academic support, helping a youth identify areas of academic concern, assisting with overcoming learning obstacles, and providing tools and resources to develop learning strategies. Tutoring, study skills training, and instruction can be provided one-on-one, in a group setting, through resources and workshops.

Secondary school dropout prevention strategies intended to lead to a high school diploma are also reported under this program element. Secondary school dropout prevention strategies include services and activities that keep a young person in-school and engaged in a formal learning and/or training setting. Strategies include, but are not limited to tutoring, literacy development, active learning experiences, after-school opportunities, and individualized instruction.

Element #6 (Not to Exceed \$20,000)

Mentors should be someone other than a case manager. Mentoring for a duration of at least 12 months, that may occur both during and after

program participation. While group mentoring activities and mentoring through electronic means are allowable as part of the mentoring activities, at a minimum, the local youth program must match the youth with an individual mentor with whom the youth interact on a face-to-face basis. Mentoring may include workplace mentoring where the local program matches a youth participant with an employer or employee of a company. Local programs should ensure appropriate processes are in place to adequately screen and select mentors.

Element #10 (Not to Exceed \$20,000)

Comprehensive Guidance and Counseling- comprehensive guidance and counseling provides individualized counseling to participants. This includes drug and alcohol abuse counseling, mental health counseling, and referral to partner programs, as appropriate.

This training helps youth develop the skills associated with entrepreneurship, such as the ability to take initiative, creatively seek out and identify business opportunities, develop budgets and forecast resource needs, understand various options for acquiring capital and the trade-offs associated with each option, and communicate effectively and market oneself and one's ideas. Examples of approaches to teaching youth entrepreneurial skills include:

- Entrepreneurship education introducing to the values and basics of starting and running a business, such as developing a business plan and simulations of business start-up and operation.
- Enterprise development, which provides supports, and services that incubate and help youth develop their own businesses, such as helping youth access small loans or grants and providing more individualized attention to the development of viable business ideas.

CONTRACT PROVISIONS

The following are examples of the contract provisions that will be included in the contract that will be developed as a result of this RFP. The exact text of the contract provisions may differ slightly from the examples shown.

Contract Costs – All costs that are approved in a contract must be reasonable and necessary to carry out the planned functions. The costs must be allowable and allocable to the proper grants

and costs categories. If the contractor is a public entity or non-profit entity, the contract will not include a provision for profit. Profit margins with individuals and for-profit organizations may be negotiated. Profit margins must be reasonable and cannot be based on a percentage of actual costs.

The contract awarded under this RFP is subject to available funding. The JPWDB does not guarantee any minimum or maximum amount of work and/or dollar value associated with this procurement. The specific method of payment for services to be rendered will be set for in the negotiated contract and will be contingent upon demonstration that the negotiated performance deliverables have been successfully accomplished.

Contract Renewal and Extension – The contract that results from this RFP may have a provision for extension. The terms and lengths of any extension will be established by the JPWDB and will be included in the contract provisions. All extensions must be documented in a modification to the contract. Each extension must be for not more than one year and a maximum of three extensions are permitted.

Evaluations will be conducted after the second and fourth quarter of contract operations to ensure adequate performance of contract. Based upon these evaluations, an extension may be granted contingent upon continued contract performance.

Early Termination – The contract that results from this RFP will have provisions for termination of the contract for failure to satisfactorily perform the tasks that are required. The contract that results from this RFP may also have provisions which allow the contract parties to cancel the contract at any time by providing advanced notice to other contract parties. The contract will also provide for termination of the contract for lack of funds.

Modifications – The contract will have a provision for modifying the contract. Modifications may be necessary to incorporate changes required by Federal or State laws and policies. Modifications may be necessary to increase funds to the Contractor if funds become available through other sources.

Assignment and Subcontracting – A part of the proposal evaluation is based upon the previous experience of the proposer and its staff. The contract will contain a provision that prohibits subcontracting or assigning the work to be performed without the written permission of the JPWDB.

Indemnification – The contract will include an indemnification clause which will state that the Contractor shall indemnify and hold harmless the State of Louisiana/LWC, WIOA Administrative Entity/Fiscal Agency, Local Chief Operating Official, JPWDB, its officers, agents and employees from liability of any nature and kind, including costs, expenses, and attorney fees, for or on account of any actions, claims, suits, and damages of any character whatsoever arising out of any negligent act or omission of the Contractor or any of its employees, agents, volunteers, subcontractors, or representatives.

Dispute Resolution – The contract will have a provision for dispute resolution. This provision will require the Contractor to use administrative processes and negotiation in attempting to resolve disputes arising from this contract. The contract will require the contractor to continue to provide services while the dispute process is ongoing.

Audit Rights – The contract will have a provision which will allow the Fiscal Agent, the State of Louisiana, the U.S. Department of Labor, the United States Comptroller General, and of their duly authorized representatives, or other with statutory audit rights to perform audits after reasonable advanced notice to the Contractor at any time during the contract period or within three (3) years from the date of the final payment of the contract. At any time during normal business hours and as often as the Fiscal Agent or any of the above parties may deem necessary, the Contractor shall make available to their duly authorized representatives for examination, all its records with respect to all matters covered by the contract. The Fiscal Agent, the State of Louisiana, the U.S. Department of Labor, the United States Comptroller General, any of their duly authorized representatives, shall have the authority to audit, examine, and make excerpts or transcripts from, any books, documents, papers, and records of the Contractor which are directly pertinent to the contract, including all contracts, invoices, materials, payrolls, personnel records, conditions of employment, and other data relating to all matters covered by the contract. The JPWDB reserves the right to monitor the contractor annually and anytime during the contract period.

Access to Records and Records Retention – The contract will have a provision relating to Records Retention. That provision will require the Contractor to maintain all records pertinent to the contract, including financial, statistical, property, participant records, and supporting documentation. These records shall be preserved and made available to the Fiscal Agent and its agents for a period of three (3) years after the date of the final closeout of the contract. However, in the event of an audit, records shall be kept by the Contractor until the audit is completely resolved, even if it requires a retention period longer than 3 years. If the Contractor is unable to retain the necessary records for the required period, the Contractor will transfer such records to the Fiscal Agent. Such records shall be transmitted to the Fiscal Agent for acceptance in an orderly fashion with documents properly labeled and filed, and in an acceptable condition for storage.

Performance – The Contractor will be measured for performance of the contract. Evaluations will be conducted on a regular basis throughout the contract period to determine whether the Contractor is meeting scheduled benchmarks. Contract performance will be negotiated prior to the beginning of the contract and may include measures relating to the following areas:

- Placement of participants
- Timeliness of payroll
- Cohesive working relationships with employers' partners
- Submission of monthly reports to Executive Director

Copyrights and Rights to Data – The contract will have a provision relating to Copyrights and Data. That provision requires Contractor to agree that the Fiscal Agent, State of Louisiana, and the U.S. Department of Labor shall have unlimited rights to any data first produced or delivered under the contract.

De-obligations – The contract that results from this RFP will contain clauses regarding availability of funds. Those clauses will allow the JPWDB to decrease or eliminate funding to the contractor if funding made available to the JPWDB is not sufficient to allow for full payment of the contract.

At the time the contract is written, the actual funding amounts provided to the workforce area will probably not be available. The contract may be modified prior to or subsequent to the beginning of the year to reflect changes that are necessary due to actual funding amounts received. The carryover of any funds is an item that must be negotiated with the JPWDB and/or Fiscal Agent.

Price Adjustment – This provision will state that if the contract was negotiated in reliance upon cost data supplied by the Contractor, the Fiscal Agent can adjust the price to exclude any significant sum by which the prices were increased because the Contractor had submitted cost data in the original proposal which was not accurate, complete, or current.

Insurance – There is not requirement that proof of insurance be submitted with the proposal, but evidence of insurance must be provided prior to beginning the performance of work under the contract. The Fiscal Agent requirements may include proof of the following as applicable: general liability coverage, insurance for motor vehicles used by employees of the contractor, workers compensation, and blanket bond coverage.

EEO Requirements – The Contractor will be required to comply with certain EEO requirements. No person in the United States shall be, on the grounds of race, color, religion, sex, sexual orientation, national origin, age, handicap, political affiliation, belief, or marital status be excluded from participation in, be denied benefits of, be subject to discrimination under, or be denied employment in the administration or in the connection with any program or activity funded in whole or part with funds made available under the agreement.

Participant Grievances – The contract will include a provision that requires the Contractor to adopt procedures for hearing and resolving grievances and complaints arising out of this contract, in conformity with the JPWDB's established policies.

Duplicate Funding – The contract will have a provision requiring the Contractor to agree that any Contractor's cost which are already allocated to other sources may not be included in the cost of the contract. The Contractor must inform the JPWDB if the Contractor applies for or receives funds which affect the cost or performance of work under this contract and how the Contractor plans to allocate duplicated funds. The JPWDB must have the right to renegotiate the contract relative to the changed costs.

Compliance with Law – In rendering the performance hereunder, the Contractor shall comply with the requirements of the Workforce Innovation and Opportunity Act (WIOA), Public Law 113-128, with the regulations promulgated thereunder, and with the following:

- Applicable Federal Laws and appropriate OMB Circulars
- Laws of the State of Louisiana
- WIOA policies as adopted by the Louisiana Workforce Commission

- Local Laws
- Regional and Local Plan
- WDB policies
- U.S. Dept. of Labor statement 29 CFR part 38 regarding the non-discrimination and Equal Opportunity provisions of the WIOA.

In the event of a conflict between such laws and regulations and the terms of this agreement, precedence shall be given to the laws and regulations.

Reporting – A monthly Performance Report must accompany any requests for funds in order to demonstrate that objectives of the contract are being met. The contract that results from this RFP may have requirements that the contractor make regular presentations to the JPWDB, Local Elected Officials, or similar groups.

The Contractor will also be required to provide the JPWDB any narrative, statistical, and financial reports related to the elements of the contract in a format and timeframe determined by the JPWDB.

Program Income – This provision will state that if the Contractor receives any program income as a result of activities funded under this contract, the income must be properly accounted for and cannot be spent without advanced approval from the Fiscal Agent. Program income must be accounted for according to the requirements of OMB Circular A-110, OMB Circular A-102, policies of the JPWDB, State of Louisiana, and/or the WIOA Act and Regulations.

Property/Capital Expenditures – The Contractor shall make no purchases over \$250 without prior authorization by WIOA Fiscal Agent. The JPWDB procurement procedures must be followed.

Corrective Action – This provision will describe notices to the Contractor, corrective action steps, corrective action plans, timeframes, and similar provisions.

Patent Rights – This provision will state that if products are produced under this contract to which a patent is granted, the patent rights shall belong to the WIOA Fiscal Agent, the State of Louisiana, of the U.S. Department of Labor. This provision shall not apply to products produced by the Contractor other than this contract and which are used in the performance of the work required by this contract.

Disallowed Costs – The contract will have provisions that require the contractor to repay any expenditure that is found to be unallowable. The contract will have provisions requiring the contractor to remedy any deficiencies found in audits or monitoring reports prior to incurring additional expenditures or receiving additional funds.

Contractor Self-Monitoring – The Contractor will be required to periodically conduct a self-monitoring to ensure compliance with WIOA, local policies, budgets, performance measures, and

similar measures. The FPD WDB may require the Contractor to submit periodic reports on its self-monitoring activities.

Other Contract Provisions – The contract may have provisions which are not described in this RFP. Those provisions may be necessary due to applicable laws or regulations, provisions added or changed to reflect negotiations made subsequent to the issuance of this RFP, requirements not known at the time of the issuance of this RFP, or for other reasons.
